# Privacy and Luxury

**RIGHT IN YOUR OWN BACKYARD.**

An inground pool is more than an investment.  
It's a lifestyle upgrade you can call your own.

# A Place to Relax and Refresh

**JUST STEPS AWAY.**

A Premier Pool can make every day a vacation day!

When an inground pool becomes part of your home, a whole  
new world of water, sun, family and fun lies just outside the door.

In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the ANSI/APSP standards.

# Let Your Dreams Take Shape

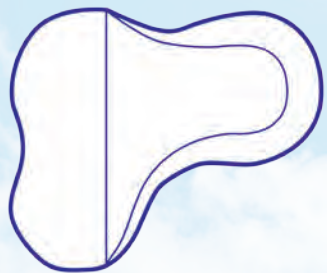

THE CHOICE IS YOURS.

Today's world is full of choices. It's the same with your Premier Pool, which offers a wide selection of options that allow you to customize your pool. Select from more than a dozen shapes, including traditional rectangles and ovals as well as the most elegant Mountain Lake and San Luis Rey silhouettes. Then choose the size, your pool liner and the number of pool steps. As you design your Premier Pool, you'll be creating the pool that best fits your lifestyle and harmonizes with your natural environment.

# Benefits of a Premier Polymer Pool

## SUPERIOR QUALITY. EXCEPTIONAL PERFORMANCE.

Premier Polymer Wall Pools™ feature:

- 100% Corrosion Free, Sturdy Bracing System with Drive Stake Assembly
- Walls That Will Not Rust, Rot, Dent, or Corrode
- Lifetime Limited Transferable Warranty
- Chlorine Generator (Salt System) Friendly
- Engineered for Superior Strength and Endurance
- Rigid Polymer Panels
  - Minimize Thermal Expansion
  - Reduce Bowing and Deflection
  - Are Easier to Build and Maintain True Walls

Latham Pool Products has many years of experience manufacturing pools. Premier Pools have been designed, engineered, manufactured, and field-tested for strength, durability, and reliability.

We stand behind our pools, that's why we offer a lifetime limited transferable warranty.

# Certified Peace of Mind

## BUILDING PERMITS COME EASIER WITH PREMIER POOLS.

We are the only packaged pool manufacturer to receive ICC-ES Certification of its products. What is ICC-ES?

International Code Council Evaluation Service (ICC-ES) ensures that building products meet code requirements. Building inspectors and engineers look to the ICC-ES evaluation reports for evidence that the products and systems are code-compliant – and can receive a standardized branded pool blueprint coded with ICC-ES report number, stamped and signed by a licensed engineer. Inspectors' #1 choice for approving building codes are ICC-ES certified products.\*

\*Final permit approval is up to the discretion of each individual municipality's code official.

## You Deserve the Best

### FEATURING OUR 100% CORROSION FREE PANELS!

Precision-crafted liners resist chemicals and bacteria, plus they are easy to clean and maintain.

Non-skid aluminum coping provides a smooth attractive perimeter around the pool.

Steps are available in a variety of shapes and sizes to enhance your poolscape.

A solid concrete footer surrounds the base of the pool.

For a deeper shallow end, ask your dealer about our 48" wall system.

The Premier Pool structural wall base and sturdy brace are totally corrosion free. Recommended for use with salt water systems.

# Make It Your Own!

## CREATE THE PERFECT COMBINATION OF VINYL LINERS, STEPS AND SPAS.

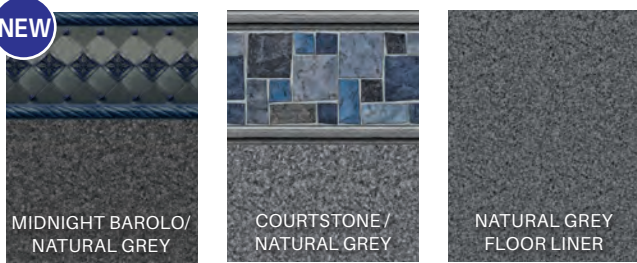

What better way to coordinate your poolscape than by matching your liner pattern with the color of your step or spa! Latham offers beautiful patterns to perfectly match the large variety of grey and blue granite steps and spas.

Ask your dealer for step and spa brochures to view all of Latham's options.

# Premium Liners That Last

FROM THE BEST IN THE BUSINESS.

Standard

Floor seams are visible on standard liners.

Ultra-Seam®

No visible floor seams.

Featuring

**ULTRA-SEAM®**

Patent Pending

Liner Technology

Ultra-Seam® vinyl liner featured:  
Hampton Tile / Seaglass Floor

## OVER 500,000 INSTALLED

Standard pool liners present visible lines on the pool floor at the seams which ultimately detract from the beauty of the pool. Our innovative Ultra-Seam® technology elevates our liners to an entirely new category.

This exclusive process makes floor seams stronger and virtually invisible, so there's nothing that gets in the way of the picture perfect beauty of your pool! Now standard on every Premier liner.

For more information, ask your dealer about Ultra-Seam!

# Vinyl Over Steps System

BUILT-IN BEAUTIFUL. DESIGNED BY YOU.

Look how easy it is to add pizzazz to any existing pool. Our Vinyl Over Steps system can be used in any type of vinyl lined pool – polymer wall, steel wall, concrete, or fiberglass.

Consider our Vinyl Over Steps system for a beautiful uninterrupted liner pattern across your pool, and to build steps customized to your design specifications.

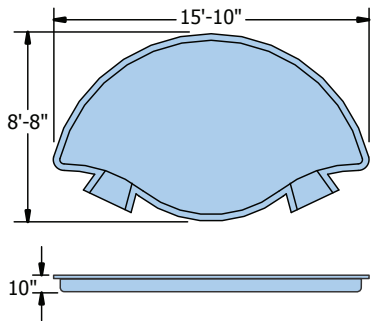

# Bring On The Sun

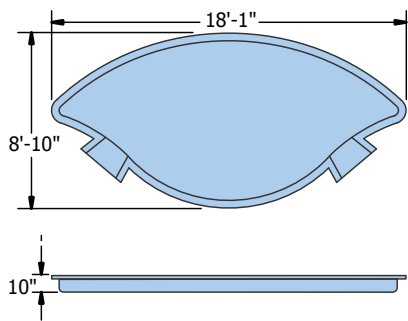

## SPILL-OVER TANNING LEDGES.

If you like being on the cutting edge of things, how about adding our newest addition, the fiberglass spill-over tanning ledge, to enjoy in your vinyl pool! Built fiberglass strong, these tanning ledges come in several styles to accommodate the most discriminating vinyl pool owner.

# Covers You Can Count On

SECURE YOUR SANCTUARY AUTOMATICALLY.

When it comes to safety, savings and convenience, Premier has got you covered.

## CUSTOM DESIGNED TO FIT YOUR POOL

A Coverstar or Pool Cover Specialists automatic safety cover is custom designed to fit your pool. Multiple track options and eleven different fabric colors allow you to choose the system that best fits your pool and backyard.

## SAVE HEAT, WATER, ELECTRICITY AND CHEMICALS

A Coverstar or Pool Cover Specialists automatic safety cover reduces evaporation by up to 90% which can save you up to 70% on heating costs and up to 50% on chemical costs.

## LESS TIME CLEANING, MORE TIME ENJOYING

A Coverstar or Pool Cover Specialists automatic safety cover keeps dirt and debris out of your pool. You'll spend less time cleaning your pool and adding chemicals and more time enjoying it!

*We make it strong. We make it easy.™*

SPECIALISTS®  
AUTO COVERS MADE SIMPLE

# Solid and Mesh Safety Protection

## BEST WARRANTIES IN THE INDUSTRY!

We have designed the Latham Safety Cover to protect both you and your family. Our pool covers are manufactured to your specific pool size and shape. A properly installed Latham Safety Cover will help prevent accidental intrusion by children and pets.

Latham Safety Covers are made with your choice of solid or mesh material. Bio-Shade technology is incorporated in our mesh material to inhibit the growth of algae in your pool.

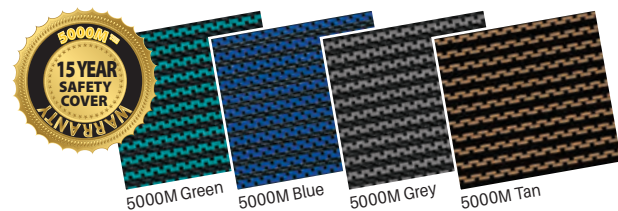

### 9000MX™ Max Shade Mesh - 25 Year Warranty

The 9000MX is engineered for a new level of protection. Built with reinforced mesh, box stitched thread at critical webbing joints and equipped with heavy-duty suspension, this cover is designed to exceed expectations and is appropriate for demanding applications.

### 7000MS™ High Shade Mesh - 20 Year Warranty

A light weight, ultra-fine weave mesh blocks 99% of sunlight and filters fine dirt particles down to 40 microns. Rain and melting snow simple drain through the mesh. Excellent all-climate performance in a low maintenance, easy care cover.

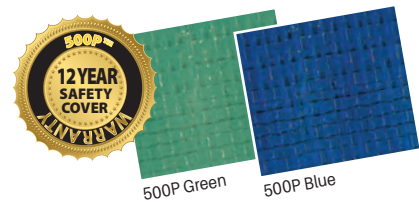

### 5000M™ Standard Shade Mesh - 15 Year Warranty

This durable micro weave fabric has the highest abrasion resistance and tear strength in its class. It filters debris and dirt while allowing water to freely drain through the mesh. A good choice for a combination of protection and value.

### 1000V™ Heavy-Duty Solid Vinyl - 15 Year Warranty

Our solid polyester vinyl cover is a complete barrier to sunlight, dirt, debris, and water. Heavy-duty construction provides protection from the elements and prevents algae growth, which helps for faster spring pool openings.

### 500P™ Lite-Duty Solid Vinyl - 12 Year Warranty

Our light weight 7 oz. solid polyester vinyl cover will provide a 100% barrier from the sun. The light weight material is easy to handle, and is UV and mildew resistant. Available in blue and green.

# Low Maintenance – High Tech

## SPEND YOUR TIME RELAXING INSTEAD OF MAINTAINING.

Don't worry that maintaining your pool will take time away from enjoying it. Routine maintenance can now be reduced to a mere hour per week with state-of-the-art filtration and sanitation systems. Ask your dealer for specific information.

In some pictures, the safety rope and floats have been removed from the pool for photographic purposes. The safety rope should be permanently attached at all times. We also urge you to use handrails and grabrails in accordance with the ANSI/APSP standards.

The specifications in this brochure were believed to be true at the time of printing.

However, specifications, standard equipment and options are subject to change without notice.

# Be Smart. Play It Safe!

**IMPORTANT:** A number of very important items that are essential for the safe use of your pool may not be visible in many of the photographs, either because of perspective or camera angle, or because they were removed for photographic purposes. These items include, but are not limited to:

1. Safety ropes, which should remain in place at all times.
2. "No Diving" signs, which are provided and should be installed in accordance with instructions included on the coping or liner, where they are clearly visible.
3. An area sign is provided and must be permanently and conspicuously affixed in the pool area where all users can see it.
4. Necessary means of exit and entry into the pool.
5. Fencing with a self-latching gate, and other barriers that can assist in preventing unsupervised access to the pool by children.
6. Approved drain covers and other devices to protect against suction entrapment.
7. Minimum required inlets and returns to ensure proper water circulation.
8. Appropriate inpool lighting if the pool will be used after dark.

All of these devices should be installed in accordance with manufacturer's instructions, ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards, as well as state and local statutes and codes.

Diving boards and slides require minimum depths and distances and must only be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI or ANSI/APSP or ANSI/APSP/ICC standards. If the pool is labeled by us as **non-diving**, then diving equipment may not be installed and any such equipment must be removed before the pool is used.

Smart pool owners always think safety first. They take specific steps to ensure that their family, friends and guests are knowledgeable about the safe and sensible use of their pool. They also:

- Ensure that their pool is never used unless there is adequate supervision.
- Ensure that their pool is kept in good repair and is not used when there is a missing or broken drain cover or other component.
- Ensure that **all children** using their pool are supervised constantly.
- Ensure that anyone under the influence of alcohol, drugs or stimulants that would impair their abilities or judgement does not use the pool.
- Ensure that their pool is protected by appropriate barriers to unsupervised entry including fencing with self latching gates, covers, alarms, etc.

To assist you, a number of very important items of safety literature are included with each pool liner and also available upon request. We must insist that you read each

item carefully and follow its instructions. These are:

- Pool Owners Safety Handbook
- APSP "Sensible Way" Book
- Vinyl Swimming Pool Liner Warranty
- "Children Aren't Waterproof" Book
- "No Diving" Labels
- Area Sign

Make sure your builder supplies you with all of the safety information that accompanies your pool and installs the enclosed warning stickers and area sign where they can be clearly visible to all who use the pool.

**NOTICE:** The manufacturer stands behind every product they produce pursuant to those representations which are stated in the written warranties. Your dealer/builder/contractor is an independent business person and not an agent or employee of the manufacturer. The manufacturer cannot and does not accept any responsibility for any representations, statements or contracts made by any dealer/builder/contractor.
